NEW GENERATION
FLOOR CARE SYSTEM

NEW GENERATION FLOOR CARE SYSTEM

ULTRA GLOW High Speed Floor Finish 25% Solids

The ultimate floor finish for optimal gloss in heavy traffic settings. Beautiful, wet-look gloss can be maintained using traditional spray buffing or with repeated high speed burnishing programs. Easy to apply, superb leveling and fast dry time for rapid re-coat. Resists marking and soil discoloration. Excellent for use in schools, super markets, health care facilities, hospitals, office buildings and industry. Coverage: 2,000 to 2,500 sq/ft per gallon. Solids content: 25%.

ENDURE Floor Finish

Beautiful high-gloss finish for all resilient floors. A unique blend of newly developed metal cross-linked acrylic copolymers formulated into a high gloss, durable floor seal and finish. Easy to apply. This detergent resistant finish retains a beautiful shine after damp mopping. Easy to remove with our selected strippers. Responds well to spray buffing and burnishing. Coverage: 2,500 sq/ft per gallon. Solids content: 19%.

PRIME COAT Water Emulsion Floor Seal

The ideal acrylic polymer emulsion for sealing porous floors such as asphalt tile, terrazzo and other porous or badly worn floors. **PRIME COAT** is very tough and protective with excellent water resistance; will not discolor. Smooths and levels floor imperfections providing an excellent primary base for the application of floor finish. Coverage: 2,500 sq/ft per gallon.

SUPERSHINE High Speed Floor Finish

The ultimate floor finish for optimal gloss in heavy traffic settings. Beautiful, wet-look gloss can be maintained using traditional spray buffing or with repeated high speed burnishing programs. Easy to apply, superb leveling and fast dry time for rapid re-coat. Resists marking and soil discoloration. Excellent for use in schools, super markets, health care facilities, hospitals, office buildings and industry. Coverage: 2,000 to 2,500 sq/ft per gallon. Solids content: 22.5%.

SAFE-TEE Neutral Cleaner

Remarkable no-rinse, neutral pH formula lifts the dirt and leaves the gloss on any washable surface. Low-foam formula works well in automatic scrubbers. Biodegradable, economical and concentrated. Leaves a fresh lemon-lime scent. Dilutes at 1 oz. per gallon.

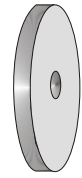

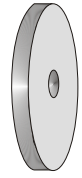

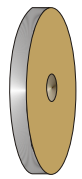

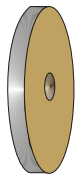

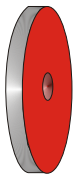

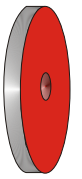

SUPER LIFT OFF Mop On Wax & Finish Remover

Powerful, alkaline based wax and finish emulsifier. Deep penetrating agents quickly liquefy waxes, acrylic finishes and water-based urethane sealers. Excellent for use with high speed burnishing programs. High performance for the maximum in labor savings.

ENHANCE Finish Restorer

Multi-purpose companion product for any floor care program. Use as a mop-on floor finish restorer in high speed burnishing programs, or use as a spray buff compound in traditional spray buffing procedures. This restorer brings back the 'wet look' appearance of the floor and extends time between stripping and re-coating. Saves time and labor. Versatile and easy to use. Compatible with all quality floor finishes.
